SMS ENGINE

A POWERFUL DESKTOP APPLICATION FOR BUSINESSES

<https://ugfire.com/smsengine.html>

WHAT THE SOFTWARE DOES

1. Safely store contacts of all your clients in an organized database
2. Protect your clients' contacts from unauthorized access using passwords
3. Backup all your clients' details/contacts in a secure online database
4. Send an SMS to a specific client
5. Send Bulk SMS to all your clients using the bulk SMS engine. You can choose to customize the messages by automatically including each client's name in the SMS message sent to them.

COST

REQUIRED INITIAL COST:

UGX 350,000 (one-time pay)

AMOUNT INCLUDES

1. Software and Database installation and customization for your business on your computers.
2. Airtime purchase for 2,000 SMS deposited into your SMS account.
3. A secure online database for you to backup your clients' contacts regularly & automatically.
4. Technical support plus free future improved versions of the software.

UGX 70 per SMS to Airtel or MTN. Minimum airtime purchase (UGX 70,000) for 1000 SMS
You do not have to organize the contacts, the system does that for you.
The airtime you buy for SMS does not expire.

Annual online database maintenance fee: UGX 50,000 Only. Payable after the first 12 months
